

Dinosaur NP, CO, CRN Site

Installation underway in
Maintenance area

(small rounded ridge, out of sight)

Crew has not returned with better
photography as of yet.

Site Characteristics-Maintenance

- Site is atop an elongated nicely exposed, well-rounded feature (drumlin?) that parallels highway (~ 120' above roadway)
- East-west valley to north houses Hq, maintenance and firing range
- Ground cover scattered sage/grasses
- Power nearby (150')
- Coop nearby; nearest HCN 35 miles; RAWs nearby?

**Dinosaur National Monument, Headquarters Maintenance Location.
Looking from north toward south.**
